

# Sebastián Machado Cano

Software Developer

Professional with 1 year of experience in software development and project management. I specialize in process optimization and the implementation of innovative technological solutions. Despite being a quiet person, my proactive and results-oriented approach enables me to exceed objectives and foster a collaborative work environment. I am committed to continuous development and excellence in every project.

## Work History

2024-05 - present	<b>Technical Assistant in Software Development</b> <i>Sena - CESGE, Medellín</i>  I was responsible for managing software projects, including preparing quotes, requirement documents, manuals, and overseeing the step-by-step progress of developments requested by internal or external clients. As an assistant, my main role was to plan system development to ensure it met the client's objectives and requirements, in addition to supervising staff and actively participating in the development process.
2023-07 - 2024-01	<b>Software Development Internship</b> <i>Sena - Unidad de Servicios Tecnologicos, Medellín</i>  Supported processes: <ul style="list-style-type: none"><li>• Design and development of new features, along with user training on their usage.</li><li>• Development and management of client applications, ensuring their satisfaction and loyalty.</li><li>• Programming software solutions tailored to specifications and best practices.</li></ul>
2023-01 - 2023-03	<b>Full Stack Developer</b> <i>BITAC KLUG, Medellín</i>  Desarrollé la documentación de procesos, manual técnico y de usuario, modelado de bases de datos, estilización y desarrollo de la aplicación.

## Education

2022-01 - 2024-01	<b>Computer Science, Analysis and Development of Information Systems</b> <i>Sena, Medellín</i>
2024-08 - present	<b>Computer Science, Computer Engineering</b> <i>UNIR, Bogotá (Distance Learning)</i>
